Professional Summary

Results-driven Senior Solutions Engineer with 5+ years of expertise in solution design, B2B integrations, and technical consulting. Skilled at bridging business and technology to deliver scalable solutions that drive efficiency and growth in fintech and telecom. Strong track record in system optimization, stakeholder management, and digital transformation.

Professional Experience

Senior Presales Solution Consultant

Trust Decision | Jan 2025 – Present

- Led solution design and technical consulting for financial institutions across the Middle East & Southeast Asia, increasing client adoption by 30%.
- Designed and delivered customized proof-of-concepts (POCs), achieving a 50% conversion rate into long-term contracts.
- Developed technical proposals and architecture plans that secured multi-million-dollar deals, reducing sales cycle time by 25%.
- Conducted strategic workshops and executive-level presentations to showcase product capabilities and value propositions.
- Represented the company at industry events, strengthening brand positioning and competitive advantage.

Senior Product & Solution Engineer

Huawei Technologies | Dec 2019 – Jan 2025

- Led enterprise-level ERP implementation across 22 Asia-Pacific offices, managing a team of over 300 testers and developers while reporting directly to C-level executives.
- Head of Solutions for the Malaysia Representative Office; led the design and delivery of the Malaysia 5G Transaction Flow project to optimize IT solutions.
- Recognized with 20+ accolades from C-level executives for outstanding solution delivery and innovation.
- Streamlined end-to-end processes, boosting efficiency by 50% via integrations and process modifications—supporting offices in Indonesia, Thailand, Malaysia, Singapore and Hongkong.
- Mentored and led a high-performing team of 10+ developers, ensuring on-time project delivery.

Corporate Banking Specialist

Hong Leong Bank Berhad | July 2019 – Dec 2019

- Reviewed and analyzed corporate financial statements for accuracy and compliance.

Tax Operation Specialist

Royal Bank Canada (M) Sdn Bhd | Jan 2019 – June 2019

- Managed tax reclaim processes for France, Japan, and Denmark, ensuring timely filings.
- Conducted monthly reconciliation of dividend payments with high financial accuracy.
